EDUCATION

(MS) Seoul National University : Sep 2025 – Present

Major: Statistics

Advisor: Prof. Jisu Kim

(BA) Yonsei University : Mar 2021 – Aug 2025

Major: Applied Statistics

Double Major: Mathematics

GPA: 4.2/4.3

RESEARCH INTEREST

Nonparametric statistics, Non-Euclidean statistics, Minimax estimation, Deep learning theory, Topological data analysis.

PAPER UNDER REVIEW

J. Seo, W.Jeong, J. Kim. (2026). Minimax Lower Bound for Estimating Diffusion-based Local Intrinsic Dimension

J. Seo and J. Kim. (2026). Minimax optimal rate for transformer-based nonparametric in-context learning under growing heterogeneous manifold-mixture models.

EXPERIENCES

Research Assistant

Statistical Modeling for Double Higgs Boson Production (under Prof. Hyeongdo Kim, Jisu Kim, and Woncheol Jang), Department of Statistics, Seoul National University, Sep 2025 – Feb 2026.

Teaching Assistant

Data Literacy in the Era of Big Data: 2026-1.

Statistical Experiment: 2025-2.

Regression Analysis: 2025-1.

Internship

Undergraduate Internship: Statistical AI with Topology lab (Advisor: Prof. Jisu Kim), Department of Statistics, Seoul National University, Jun 2024 – Aug 2024.

Tutoring

High-Dimensional Data Analysis: 2025-1.

Real Analysis (1): 2023-2, 2024-2.

Real Analysis (2): 2024-1.

Mathematical Statistics (1): 2022-2, 2023-1 (Excellent Tutor).

Mathematical Statistics (2): 2023-1.

AWARDS AND SCHOLARSHIPS

Awards

Honors Award, Yonsei University (Top 3%), 2022-2.

Excellence Award, Yonsei University (Top 10%), 2021-2, 2022-1.

Scholarships

Next Generation Scholarship for Basic Studies (Type C), Seoul National University, 2026.

Guwon Scholarship, Guwon Scholarship Foundation, 2023-1, 2024-2.

True Scholarship, Yonsei University, 2022-2, 2023-1, 2023-2.

LANGUAGE

Korean: Native

English: TEPS (405/600)

PROGRAMMING LANGUAGE

Python, R
